## Do you have old coats in your wardrobe that could help people more in need?

Nobody should have  
to sleep rough on  
our streets

Most of us take for granted owning a winter coat to keep us warm during the coldest months of the year, but there are people experiencing homelessness within our community who are without a coat and are most in need. Aston & James have teamed up with Oxfordshire Homeless Movement to reach the target of donating #100 coats to help keep everyone warm this winter. Simply bring your old coats into work and Aston and James will make sure they reach people in dire need of warmth. Simply mark up any bags with the number of coats returned. The last collection date is 14th December.
